### **About Quest Uranium**

*Quest Uranium Corporation is a Canadian-based, pure-uranium exploration company focused on the identification and discovery of new world-class uranium deposit opportunities. The company is publically-listed on the TSX Venture Exchange as “QUC” and is led by a highly-respected management and technical team with a proven mine-finding track record. Quest is currently advancing several high-potential projects in Canada’s premier uranium exploration areas: the George River Belt of northeastern Québec, the Kenora area of northwestern Ontario and the Plaster Rock area of northwestern New Brunswick. Quest also has a clear route to 50% ownership of a large uranium property in the James Bay area, Québec under option from Midland Exploration Inc. Quest also operates its Nanuk and Stewart Lake properties in the George River area under an option agreement with Nebu Resources Inc., whereby Nebu is committed to spending \$1 million in exploration on the properties in 2008 and \$3.0 million over the next three years. Quest continues to identify new, high-potential project opportunities throughout North America.*
